Principal’s Message:
Parental Involvement and teacher quality are the most important indicators of a students’ success in school. Parent involvement comes in many different forms, from volunteering in the classroom to attending parent teacher conferences to reading to your child every night or helping with homework. YOU make a difference. Your persistence with your child on having a good work ethic and always being respectful matters.
Please read and sign the Hemlock’s Parental Involvement Policy that is going home this week on green paper.
Respectfully, Mrs. Del Rio

Walk ’n Roll Week October 1-5
October 3rd was International Walk to School Day in the USA. It was a great success in getting students who live in the neighborhood to walk or roll to school for the first time.
Thank you to those families who truly had their children walk for home or from a drop off location a good distance from school.
The purpose of such an event is to encourage exercise, reduce traffic congestion around school, and to try something new. I encourage you to walk to school or from a drop point a few blocks away, everyday!
